My friend likes to eat
Lots of fruit, it tastes so sweet
Like strawberries, apples and nectarines
bananas and cherries and tangerines
grapes are delicious the red or the green
to my friend , my friend

My friend likes to munch
On vegetables that have a crunch
Like yummy cucumbers and celery sticks
With carrots and broccoli thrown into the mix
I love them so much I could eat five or six, with
My friend My friend

My friend likes to drink
Lemonade that's yellow or pink
And apple juice is like liquid gold
And Hot Chocolate when we come in from the cold
And a big glass of milk, well that never gets old for
My friend My friend

My friend likes to eat
Lots of fruit, it tastes so sweet
Like strawberries, apples and nectarines
bananas and cherries and tangerines
grapes are delicious the red or the green
(make sure that you wash them,
make sure that they're clean)
My friend , My friend
