.... plays over the ocean  
.... plays over the sea  
.... plays over the ocean  
But soon you'll be playing with me

.... do you like playing with toy cars  
.... do you like playing with trucks  
.... do you like toys in the bathtub  
Like little boats and yellow rubber ducks?

.... do you like drawing with crayons  
.... do you like reading books  
.... do you like playing make believe  
Making funny faces and getting funny looks

.... do you play on a computer?  
Or have a fancy teddy bear that walks and talks?  
.... its fun to open up your brand new toys  
And sometimes its more fun to (play with the) box (triple)

.... do you swing tennis racquets  
.... do you kick soccer balls?  
.... do you like to go swimming in a pool  
Or running little races through the halls

.... do you like playing hide and seek?  
Or do you like to play with little dolls?  
.... do you like drawing pictures  
So you can put them on the fridge or up on the walls?  
Come play, come play,

come play with all of our games and toys  
Come play, come play  
Come play with the girls and the boys
